Step 1: Place vehicle on a flat and level surface. Place gear selector in "Park" and remove keys from the ignition.

Step 2: Place the push button plate onto the steering hub and line up the 6 bolt holes (**Figure A**).

Step 3: Place steering wheel over the push button plate, also lining up with the 6 bolt holes (**Figure B**).

Step 4: Thread on the bolts, and tighten using the supplied allen wrench (**Figure C**).

This completes installation. Time to ride and enjoy!

ProTip: Periodically check all hardware and re-tighten if needed.
