

# FINISH LINE™

## **E-SHIFT** Groupset Cleaner

The fast, safe way to clean your Electronic Groupset

*E-Shift Groupset Cleaner is another industry first from Finish Line: a degreaser designed specifically for use with electronic groupsets. Electronic shifting is the next evolution in bicycle drivetrains and presents unique challenges with regards to maintenance. Due to sensitive components, electronics, and wires, safely cleaning and degreasing components is more important than ever.*

*Thanks to its unique formulation, E-Shift Groupset Cleaner can quickly and safely clean the grit, grime, and old lubricant from any electronic groupset. With E-Shift there is no need to worry about damaging wires or derailleurs. Due to its state of the art formulation, E-Shift quickly evaporates with no water rinsing. Parts are left completely clean and completely dry in minutes.*

*E-Shift Groupset Cleaner protects your groupset investment, prevents premature wear, and keeps it running at peak performance.*

### FEATURES

- Quick Dry Technology
- Electronic Safe Formulation
- Powerful Active Degreasing Agent

### BENEFITS

- No water rinsing required
- Safe for use on all electronic groupsets
- Strong enough to remove even the stickiest, gooiest, grittiest grime

### SAFETY, HEALTH AND THE ENVIRONMENT:

- Features a readily biodegradable formulation, which means that more than 60% of the product's ingredients will degrade within 28 days when exposed to the environment.
- Formulated using innovative organically derived components, which are renewable and sustainable. As such, this product is non-toxic to the environment when used in quantities and applications as intended.
- Contains NO carcinogenic or hazardous air polluting (HAP) ingredients.
- REACH compliant for Europe. All ingredients used are listed with all major worldwide chemical inventories.
- Extremely flammable and contains VOCs. Product should be used with caution and in a well ventilated area.
- Contains no artificial dyes or fragrances and is packaged in recyclable steel cans.
- NO CFCs or ozone depleting propellants.

### AVAILABLE SIZES

- 9oz Aerosol
- 16oz Aerosol
