ENDLESS POSSIBILITIES

## WHAT'S NEW

- » New EMC e-mountain bike ready casing, perfect mate to the Honey Badger DH for e-bike action.

## Endless possibilities

Lighter and faster than the original, the Nevegal X offers the rider the same control and predictability but with less rolling resistance and at a lighter weight.

## Rider profile

Do you feel most at home on loose or rocky terrain? So does the Nevegal X.

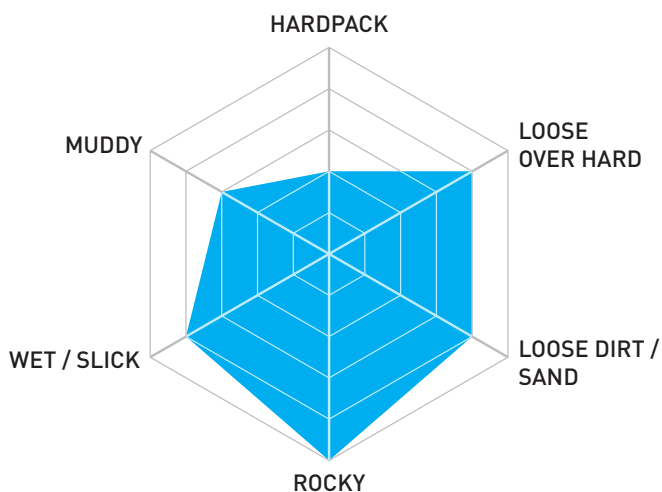

## HIGHLIGHTS

- » **Tubeless ready** – Saves weight and provides a better rolling performance. Riding tubeless also means riding flat free.
- » **E-bike ready** - Certified to the ECE-R75 standards, making the Nevegal X Pro suitable for e-bikes up to 50km/h in speed.
- » **Large selection** – Nevegal X Pro is available in 26", 29" and 27.5" , in different widths and different protection levels. A size for every riding style.

"Hands down, the Nevegal X Pro tire is my everywhere, all condition trail tire. The side knobs are incredibly grippy, so I confidently rail loose corners and never feel as though they might slide out. They roll quick, grip through rocky tech sections, are stable through ruts maintaining fast momentum, and provide me with full, ultimate control to aggressively roll past anything I lead my bike into. I never worry about flats, because I haven't had one in over a year! "
