

KLEAN WERKS

At Klock Werks we don't just design and produce really awesome parts for your motorcycle, we are also enthusiasts that ride, and need to clean, our own Flare™ Windshields, painted parts and engines! We tested many products, and found a company that would mix us up our own proprietary concoction of ingredients that combined what we liked, and removed what we didn't like, to create a complete Kleaning product line-up. It's what we use, and we wanted to share it with you!
