

INSTALLATION INSTRUCTIONS

Part Number YA-6601DK

This Drycharger fits:

The K&N Drycharger is a specially designed filter wrap made to extend the service interval of your K&N Filtercharger® when used in very dirty, muddy or dusty conditions. They are made from a highly durable silicone treated polyester material containing uniform micron opening. The Drycharger will stop small dirt particles with minimal restriction to the airflow of the filter. The Drycharger is designed to be run dry and can be cleaned with K&N Filter Cleaner. The Drycharger is custom made to fit each application.

INSTALLATION

1. Clean the rounded corners of the K&N Filtercharger® base with rubbing alcohol. (Fig. 1)
2. Cut the provided Velcro in two equal pieces. (Fig. 2)
3. Apply the Velcro to the rounded corners of the K&N Filtercharger® base. (Fig. 3)
Note: The glue on the Velcro may take 24 hours to completely set.
4. Install the Drycharger onto the K&N Filtercharger®. (Fig. 4)
5. Attach the tabs of the Drycharger to the Velcro on the K&N Filtercharger®. (Fig. 5)

REMOVAL

6. Be careful when removing the Drycharger so the Velcro does not peel off of the base.
Note: If the edges of the Velcro start to peel off of the K&N Filtercharger®, you can repair it by applying a small amount of Super Glue to the K&N Filtercharger®.
