

MOUNTING SUGGESTIONS:

Triumph Thunderbird Fender Bib

Note: Mustang recommends removal of the fender bib before installing a passenger seat. Mounting a passenger seat over a fender bib may result in damage to the bib, poor seat alignment or other problems.

Installation of Mustang fender bib:

1. Remove the seat from the motorcycle.
2. Remove the bracket from the fender.
3. Position the bib on the fender. Reinstall the mounting bracket bolts through the front holes of the bib into the fender with the stock fender bolts. Secure with a 8mm wrench.
3. Secure the rear of the bib to the fender with the stock rear screw.
4. Re-install solo.
