⚠ WARNING

READ THESE INSTRUCTIONS THOROUGHLY BEFORE INSTALLATION!

Because of the variety of motorcycle configurations, other accessories, and the features and intended use of this Saddlemen accessory, there are many different mounting options. You are responsible for the proper installation of this accessory on your motorcycle. Your attention to these installation instructions and recommendations will permit safe and proper use of this accessory. You must mount this accessory properly and securely before riding your motorcycle. If you lack the ability to safely and properly install this accessory, seek out a qualified motorcycle technician for assistance. During installation, support the motorcycle with a suitable stand or lift so it will not tip over and injure you, or damage the vehicle. Using or mounting this accessory improperly could result in a loss of control of the motorcycle which could result in damage to your motorcycle or other personal property, the property of third parties, and/or personal injury to yourself or others, up to and including death.

BE SURE TO THOROUGHLY READ AND CLOSELY FOLLOW THE MOUNTING INSTRUCTIONS THAT ARE INCLUDED WITH THIS ACCESSORY:

- Be sure to thoroughly read and closely follow the Mounting Instructions that are included with this accessory.
- The organizers must be installed and securely placed within the luggage of your vehicle.
- For your safety, mount the accessory securely so it will not shift or move while riding. Make sure the accessory will not contact the controls or any other moving parts of your vehicle.
- Thoroughly inspect your organizers before every ride. Do not use your organizers if the mounting system has been modified, or has deteriorated, loosened or is beginning to fail.
- Do not exceed two pounds of total cargo weight, including the weight of the organizer, in each organizer.
- When using this or any accessory, do not exceed your saddlebag's Maximum Cargo Load Capacity, or your vehicle's Maximum Gross Vehicle Weight as listed on your vehicle or in the manufacturer's owner's manual.
- Carefully secure and protect items placed in, or adjacent to, the organizers (use special care to protect eye wear, shields or helmets).
- Do not transport or store flammable or potentially explosive materials in your organizers.
- Continually check the security of both organizers at each stop as you ride. Hardware and straps on a motor vehicle can loosen during operation, so be sure to check these items frequently.
- If your organizers are ever damaged, do not use them until they have been inspected by a professional motorcycle dealer. Replace the organizers immediately if they have damage that will prevent them from being properly secured to your vehicle or if they are unable to securely hold their contents.
- If you do not understand the Mounting Instructions or this warning label DO NOT mount this organizer set and remove any other items you may have installed on your vehicle. Contact your local professional motorcycle dealer for assistance, or call the Saddlemen support line at (310) 638-1222.

DO NOT ATTEMPT TO USE THIS ACCESSORY IF:

- You do not understand these installation and use instructions,
- You do not understand any part of the accessory mounting system,
- You have any doubts as to the security of the mounting system.

If you have any concerns or questions, seek help at your qualified motorcycle dealer or call the Saddlemen support line at (310) 638-1222.

Remember: Motorcycling can be a dangerous activity. Installation of any accessory can increase your risk if it is not installed properly. You are responsible to install this accessory so it will not contact any portion of the drive train, suspension or steering, or if it will in any way interfere with the operation of your motorcycle.

INSTALLATION INSTRUCTIONS:

Your Saddlemen Saddlebag Lid Organizers have been designed to attach easily to the underside of your motorcycle's saddlebag lids. You (or your professional motorcycle technician) will need to take care when mounting the organizers so they are properly secured to the lids.

Do the following for each side of the motorcycle: The organizer attaches to the inner surface ① of the saddlebag's lid ②

NOTE:

For mounting the organizer in the lid, you may need to remove the saddlebag lid webbing ③. Even if your organizer set does not require webbing removal, having the webbing out of the way will help you better position the organizer into the lid once you remove the protective backing from the hook & loop fastener tape strips.

Use a Torx driver ④ (usually a T20 or T25 in size) to remove the retention screws from the lid webbing ⑤.

NOTE:

Take care to support the lid when you disconnect the lid webbing. You can use a device such as using a stool with a soft towel placed on top to support the lid as it will also protect its paint finish.

NOTE:

Make sure the lid's inner surface ⑥ is clean and free of any debris. Use one of the supplied alcohol swabs, or glass cleaner with a clean, soft towel to make sure the surface is very clean so the adhesive on the hook & loop fastener tape will stick to its surface.

Peel the protective tape ⑦ from the back of the hook & loop fastener strips that are pre-attached to the organizer.

NOTE:

If you are also installing saddlebag lid chaps you may wish to shorten the length of the loop fastener strip that is applied to the saddlebag lid so it will not interfere with the strips that secure the chaps. Install the chaps FIRST, before mounting the organizer for best fit.

Carefully position and lower the organizer (8) into the lid. Make sure that it does not cover or interfere with the bosses (9) in the lid that the webbing retention hardware screws into.

Press down firmly and evenly on the organizer so the adhesive on the hook & loop fastener strips sticks well to the bag lid.

NOTE:

In about 24-hours, the fastener strip adhesive will be at full strength and you can remove the organizer from the saddlebag lid by separating the hook and loop material.

Reattach the webbing and tighten the retention screws.

NOTE:

Use caution when tightening the retention screws, they are turning into a plastic saddlebag so stop screwing them in once they firmly seated.

IMPORTANT:

Failure to install this accessory properly may allow portions of the organizers or their mounting materials to contact the vehicle's control or to interfere with your cargo. It is vital that you verify that the accessory and/or any of its parts will not touch, or interfere with your operation of the motorcycle. It is your responsibility to make sure the installation does not create an unsafe or illegal situation.

After 50 miles (80 kilometers), recheck the mounting of the organizers to make sure they are still securely attached to the saddlebag lids. Inspect the organizer set's mounting before and during each ride. A loose accessory can interfere with the vehicle's operation and cause an unsafe riding condition.

CARE OF YOUR SADDLEMEN ACCESSORY:

Your Saddlemen Organizers requires almost no maintenance, other than periodic cleaning. Use Saddlemen Seat & Saddlebag Ultra Wash (#3101) for the best results while cleaning, or use mild soap and water. Protect the finish and enhance the appearance of your bag with Saddlemen's Seat & Saddlebag Fabric Conditioner (#3103).
