

EAN: 4013288211248

Part number: 05004172001

Article number: Bicycle Set 3

Size: 210x110x65 mm

Weight: 678 g

Country of origin: CZ

Customs tariff number: 82079030

- Compact 41-piece screwdriving tool set for bicycle operations, also for mobile use
- Practical range for DIY assembly work and repairs
- Tools for the most popular screw profiles on road bikes, mountain bikes and e-bikes
- With Take it easy tool finder: colour coding by size
- Robust, surface-friendly, compact low weight textile pouch

Bicycle tool set with ratchet, bit, sockets and a bit hand holder in a compact space. Perfect as a universal companion with a variety of screwdriving challenges. High quality bit hand-holder with Kraftform Plus handle for comfortably ergonomic work, which avoids blisters and calluses. Hard grip zones for high working speed, soft grip zones for high torque transmission. Bit ratchet for quick work when bolting by machine or by conventional hand tool is not possible due to lack of space. Fast switching from left to right and vice versa via the switching lever. Quick turning (by thumb) over the grooved ratchet head. Simplest operation even with just one hand. Ergonomic ratchet head/lever: Kraftform geometry with perfectly shaped contact surfaces for fingers. The direct bit holder in the ratchet head and the smallest tool design allow for low working heights. Small return angle of 6° for precise work. Robust drop forged full steel design. Torques of over 65 Nm. The Rapidaptor bit holder with quick-turn coating can be used as an extension, for lightning-fast bit changes with only one hand without auxiliary tools or even the smallest bit sizes. Tough bits, for universal use. Hand and machine sockets for almost all applications. With "Take it easy" tool finder with colour coding by size - for easy and fast location of the required tool. Easy to grasp even with oily hands. With ball-catching groove. For external hexagonal bolts and sockets. Made of matt-chromed chrome-vanadium. With the glass fibre reinforced plastic tyre jacks, the tyres can be safely levered off the rim without damaging the rim.

Bicycle set 14

Rapid screwdriving

Simple direction change

Bicycle Set 3

Bicycle set 14 is the useful assortment for independently carrying out assembly work and repairs on road bikes, mountain bikes and e-bikes. Particularly useful: An empty Bit-Check is also included, which can be individually equipped with tools for when you are out and about. Less weight on bike tours.

High working speeds can be attained with the Zyklop Mini 1. The thumb wheel is important, enabling more rapid screwdriving, and the Zyklop Mini handle only needs to be used for the final tightening of the screw.

Simple switching between left/right operations.

TZ-Bits

TZ-Bits are tough viscous bits with a torsion zone. Torsion bits absorb the damaging peak torque loads in the torsion zone. This prevents premature wear and enhances the service life of the bits.

The Zyklop sockets

The Zyklop sockets are suitable for manual and machine-operated tools (non impact). They feature a ball stop groove and knurling at the rear end for manageability during manual use. They are made of chrome-vanadium, dull chromed. Take it easy tool finder: Colour coding by size as well as size stamping - to help you find the required socket quickly and easily.

Lever tyre off the rim safely

With the glass fibre reinforced plastic tyre jacks, the tyres can be safely levered off the rim without damaging the rim. Lift off of the rim with one tyre jack, hook into a spoke and pull off the tyre with the second tyre jack. The two tyre jacks can be clicked together and are therefore not lost individually.

The 9502 tyre jack with bit mounting

The 1/4" hexagon mounting in the 9502 tyre jack allows mounting of a 1/4" bit. In this way, light screw connections can be conducted.
